OVERVIEW

A spectacularly, dazzling, awe inspiring range filled with an abundance of Asfour crystal available in a Polished Chrome and Gold finish. Each fitting utilises a combination of 40mm clear spheres and 62mm hexagonal drops. Descending tiers increasing in size flow together with cascading strands of crystal beads on the pendants. Every item also features a substantial curved ring of closely packed Asfour crystal beads. The 37 light 1.1m diameter 3 tier masterpiece is by far the flagship model. This range radiates grandeur and regality throughout.
