OVERVIEW

A minimal expression materialized in the form of lighting decoration, is the most concise definition for the Bucle collection. The concept of this range is based on the continuity of light, the infinity symbol shape is used to provide a continuous light along the linear angle. The collection incorporates high performance LED lighting that allows an effective, controlled light diffusion. Bucle offers a full range of lighting solutions which include a large linear pendant, two ceiling lights, wall, table and floor lamp. The 3000K warm white integral LED's are concealed within a frosted diffuser, supported by a polished chrome metal framework. A modern composition producing powerful flow of illumination, with a unique design, Bucle has a 3 year warranty.
