Your light rhythm smart lighting control. Thanks to the smart lighting system of Reality and WiZ, you can relax with soothing light or turn night into day - simply by app. The light can be operated by tablet or smartphone using the free app available for IOS and Android without any additional gateway. Various rooms and locations can be defined, and can be controlled individually and from anywhere. The light offers an incredible colour spectrum of 64,000 shades of white and 16 million colours, as well as various dynamic or static lighting settings. The LIA ceiling light also features a compelling modern design. The extravagant starlight cover, with its optimal colour rendition, is a particular eye-catcher. The clear form and the plain white cover can be combined to create a range of colour and furnishing concepts. The light also features modern LED technology, which is characterised by excellent lighting quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and are environmentally friendly. ☒ ☒
