### Assembly/ User Instructions

#### Before you start

Please read these instructions carefully before fitting and retain for reference. Check the packaging and make sure that you have all the required parts. Follow each assembly step in order to prevent incorrect assembly. Ensure that the product is fully assembled as illustrated before use.

**These assembly diagrams are intended as a guide. If in doubt, please consult a qualified electrician.**

1. Carefully unpack your lamp, and place your lamp on a stable, flat surface.
2. Plug in the LED driver, and operate the in-line switch to turn on.
3. When adjusting the angle of the lamp head, ensure you keep one hand on the base at all times.

If your lamp will not illuminate, please check the relevant fuse in your fuse box. If unsuccessful please consult your retailer.
