

Sensor Lights for Outdoors

Outdoor SensorLight L 1

Sensor Lights

Information copy

Practical design. Practical sensor-switched outdoor light L 1, ideal for building entrances and building fronts, 180° angle of coverage, reach up to 10 m, selectable time and twilight threshold, includes sheet of house numbers.

Details

Live life conveniently and save energy too.

More quality of life, more safety and security and more energy saved with intelligent sensor technology from STEINEL.

Light 'ON' / 'OFF' – automatically.

Highly innovative sensors respond reliably and automatically switch the light 'ON' and 'OFF' again after a preselected time.

Simple in design, the L 1 outdoor SensorLight is practical in many ways. Concealed behind the impact-resistant plastic shade is the brand leader's quality and technology for efficiently watching over areas as large as 105 m². The practical part about it: in its lowermost position, the sensor with a 180° angle of coverage can be used for detecting movement along the wall of a building. It has a reach of up to 10 m. Versatile setting options: the sensor lens tilts through 90° for exact adjustment of the detection zone to suit the specific situation and control dials for easy adjustment of time and twilight threshold. Installation advantages: Clearly arranged terminal compartment for fast, easy wiring. Bulbs are not included.

set of number stickers included

UV-protected material

shockproof material IK07

Technical specifications Outdoor SensorLight L 1 Black

European Article Number (EAN)

4007841650612

Dimensions(w x h x d):	255 x 110 x 120 mm
Voltage	230-240 V/50 Hz
Sensor type	Passive infrared
Output	60 W max. / E 27
Detection angle	180°
Capability of masking out individual segments	Yes
Tilting range	90 °
Reach	10 m max.
Response brightness	2-2000 lx
Time setting	8 sec. - 35 min.
IP rating	IP44
Protection class	II
Impact-resistance	IK07
Material	UV-resistant plastic
Version	Black
With lamp	No
Suitable for incandescent lamps, low-energy lamps and LEDs	Yes
Sheet of self-adhesive house numbers	included

Application

ideal for building entrances and fronts of buildings
