OVERVIEW

Loewe collection is a mixture of gentle and simple stroke arms that amalgamate in the centre behind the unique details of a large bubbled shaped glass. Each arm also effortlessly combines the dynamic shape of the bubble glass sconces with the elegant white organza shades. The arms are artistic strokes of polished chrome that vary in diameter, subtly defining the grace of this design. The full range is also available in antique brass which is complimented with cream organza shades for a warmer effect. The floor lamp also has a particularly unique design as it poises on three legs. Loewe is the epitome of refined lighting.
