### ELECTRICAL & SAFETY SPECIFICATION

Protection Class	Class 1 - Earth Connection Required
Transformer/Driver Details	WAIBERLON, DC:700mA/3-6V/3W
Total Power Consumption (W)	16W
Input Voltage (V)	220-240V~50/60Hz
Switched	Yes - Dual Rocker Switch
Dimmable	No
IP Rating	IP20

### QUALITY STANDARDS

Average Life (hrs)	25000hrs
Warranty (yrs)	3yrs

### PRODUCT COMPONENT SPECIFICATION

Shade Colour	White
--------------	-------

### CARTON INFORMATION

Carton Gross Weight (kg)	1.45kg
Number of Cartons	1

### OVERVIEW

Bahia is a practical range dedicated to multifunctional wall lamps. Each wall lamp is available in either a bronze or satin nickel finish with complementing white or black woven fibre cloth shades in a round or square option. The monochrome shade options coupled with the metallic framework colour finishes and solid cuboid shapes create a modern, clean ambience. Further options of dual functionality with an E27 lamp holder concealed by the shade and an additional LED spotlight featured at the bottom of the frame are also within the range. The spotlight is adjustable, ideally suited as a reading light. Each light source on the wall lamps are controlled by their own individual switch which sits on the back plate. Bahia offers a total of 36 possible combinations to effectively satisfy most contract or domestic requirements.
