OVERVIEW

Sáhara Brown Oxide offers a more classic interpretation to the Sáhara range by Hugo Tejada. Sáhara is an artful display of alternating tendrils of polycarbonate diffusers and a brown oxide finish frame. This creates an alluring light collection in its entirety. Its uncomplicated outline creates interesting shadows and an atmospheric ambience. The pendant and floor lamp are particularly stunning and would be a focal point in a modern space. The wall and table lamps perfectly balance the range as they are smaller but no less impressive in design and quality. Sáhara has skilfully interpreted the soft sand dunes of the Sáhara and successfully blended them with Mantra's signature aesthetics and a warm white (2800K) light output. Several items are also available in dimmable versions.
