OVERVIEW

Sáhara XL takes the curves and alluring design of Sáhara and presents them on a larger, even more impressive scale. Sáhara is an artful display of alternating tendrils of polycarbonate diffusers and an aluminium frame. This creates an alluring light collection in its entirety. Its uncomplicated outline creates interesting shadows and an atmospheric ambience. The grande pendant and floor lamp are particularly stunning and would be a focal point in a modern space. Sáhara has skilfully interpreted the soft sand dunes of the Sáhara and successfully blended them with Mantra signature aesthetics and a crisp white (3000K) light output.
