Jazz Oro

OVERVIEW

"Jazz Oro is an ingenious artistic design concept by Santiago Sevillano Sebastia for Mantra. This modern collection is the manifestation of ultimate creativity, each E27 lampholder is fixed within an exact replication of the musical instrument trombone. The imitation shapes on the pendant lights are suspended from round plates on black adjustable cables. The collection is finished with a shiny polished gold colour plating to further the jazz instrument style. The range includes a table and wall lamp to complement the multiple ceiling light options. Bringing a 1950's music scene ambience to its room setting this range is an incredibly unique lighting decor feature. "
