OVERVIEW

Sophie is a classic lighting proposal that provides aesthetic harmony in the form of a comprehensive chandelier collection. This traditional style is amplified in the silver and gold painted colour finishes, flared ceiling cups and sleek curved arms. The range embraces more modern aspects in the form of the intricate crystalized cut glass and hanging crystal tear drops, amber tinted on the gold frames and clear on the silver. The small fabric shades are designed to best suit the colour finish of the lights, modern white organza shades are included with each silver painted light, whilst the gold painted finish is paired with a more traditional pleated cream silk shade. Light from the E14 lampholders is filtered through the shades in a placid and elegant way, stunningly refracting on the crystal drops. Sophie is designed to offer a modernised traditional option to add sophistication to your room setting.
